Rebel Without A Cause

Blake Lewis

Two months have come and gone
Since I walked out the door
Now I'm left here kicking myself
'Cause you deserve much moreInfinite reason
Why I shouldn't let you go
But I shut you out my life
How could I have been so cold?Just 'cause I thought
Alone I'd solve my problems
Thought I'd move on
That I could break the waveI'm gone
Am I running away from what we should be?
And I'm lost
My conscience keep telling me constantlyThat maybe I'm wrong 'cause we both belong
Together as one meets our destiny
And I'm lost, without your love I will be
A rebel without a causeWhy'd I leave, why'd I leave?
Why'd I have to be so rebellious?
Why'd I leave, why'd I leave?
Why'd I have to be so rebellious?Why'd I leave, why'd I leave?
Why'd I have to be so rebellious?I wish I knew what's going on inside your head
So I could hear all of the words you left unsaid
I'm just too far away and you're too far moved on, oh
Hope I haven't lost your love, how did I wait too long?Just 'cause I thought
Alone I'd solve my problems
Thought I'd move on
That I could break the waveI'm gone
Am I running away from what we should be?
And I'm lost
My conscience keep telling me constantlyThat maybe I'm wrong 'cause we both belong
Together as one meets our destiny
And I'm lost, without your love I will be
A rebel without a causeWhy'd I leave, why'd I leave?
Why'd I have to be so rebellious?
Why'd I leave, why'd I leave?
Why'd I have to be so rebellious?Why'd I leave, why'd I leave?
Why'd I have to be so rebellious?A rebel without a cause
Rebel without a cause
A rebel without a cause
