

# Look to the Skies

## Creature Feature

\*Beyond The Surface The Plan Is More Devious  
So Be On The Lookout For Carbon Copies Of Us\*Look To The SkiesSomething Mysterious Falls To The Earth  
Maybe A Blessing, Maybe A Curse  
At First We Thought They Meant Us No Harm  
No Sense Of Urgency, No Cause For Alarm  
The Brightest Flash Begins Our Darkest Of Days  
Something Sinister Appears In The HazeWe Better Face The Facts  
The Plans Been Hatched  
Duplicate The Perfect Match  
Then Body SnatchWe Better Face The Facts  
The Plans Been Hatched  
Duplicate The Perfect Match  
Then Body SnatchLook To The SkiesIn Our Sleep Is When They Enter Our Minds  
Do Their Damage Then They Sever The Lines  
Overnight Absorb Our Body And Soul  
With No Emotion, No Need For Hope  
The One Flaw They Underestimate  
They Can't Get Us If We Stay AwakeWe Better Face The Facts  
The Plans Been Hatched  
Duplicate The Perfect Match  
Then Body SnatchWe Better Face The Facts  
The Plans Been Hatched  
Duplicate The Perfect Match  
Then Body SnatchBeyond The Surface The Plan Is More Devious  
So Be On The Lookout For Carbon Copies Of UsBeyond The Surface The Plan Is More Devious  
So Be On The Lookout For Carbon Copies Of UsFirst You Give Up  
And Then You Give In
