

# Dearest Helpless

## Silverchair

Dearest helpless  
Intent's not as bad as the action  
Take a breath to distort  
The fear in your eyes I don't mean it to hurt  
But every time I hate you  
I think of you first He's made you blind  
You're better on your own  
I'm just the kind  
To bring you down Equalize the pressure  
It's all too much  
Sex drugs and image is just enough  
To get you by in the real world He's made you blind  
You're better on your own  
I'm just the kind  
To bring you down He's made you blind  
I'm just the kind  
To bring you  
To bring you He's made you blind  
You're better on your own  
I'm just the kind  
To bring you down
