

Mama Weer All Crazee Now

Slade

I don't want to drink my whisky like you do

I don't need to spend my money but still do

Don't stop now a c-'mon

Another drop now c-'mon

I wanna lot now so c-'mon

That's right

that's right

I said Mama but we're all crazy now

I said Mama but we're all crazy now

I said Mama but we're all crazy now.

And you told me fool fire water won't hurt me

And you tease me and all my ladies desert me

Don't stop now a c-'mon

Another drop now c-'mon

I wanna lo now so c-'mon

That's right

that's right

I said Mama but we're all crazy now

I said Mama but we're all crazy now

I said Mama but we're all crazy now.

I don't want to drink my whisky but still do

I had enough to fill up "H" Hill's left shoe

Don't stop now a c-'mon

Another drop now c-'mon

I wanna lot now so c-'mon

That's right

that's right

I said Mama but we're all crazy now

I said Mama but we're all crazy now

I said Mama but we're all crazy now.
