Touch From Your Lust

Ben Harper

I need to sleep but I'm too tired
I need to come down but I'm too wired
When the sun comes up I miss the moon
'Cause I know tomorrow is goin' to come too soon
Is goin' to come too soon
She only wants to be wanted
But time crumbles blue roses to dust
Now I long to feel the touch from your lust
Scars on your back tell where you've been
But I'll roll like the ocean if you'll blow like the wind
Sweet Texas angel what have your blue eyes seen
I'll be your country gentleman
If you will be my Mason Dixon queen
Queen
She only wants to be wanted
But time crumbles blue roses to dust
Now I long to feel the touch from your lust
So much sweeter than all the rest
You're what lies between pain and death
Sinners and saints call you by name
If you're goin' to take the praise
You're gonna have to learn to take the blame
But she only wants to be wanted
But time crumbles blue roses to dust
An' how I long to feel the touch from your
She only wants to be wanted
Time crumbles blue roses to dust
And now I long to feel the touch from your lust
