

Land of Tears

Pestilence

Dark sides of life
Unspoken by those in search of the light
Darkness they will find
Rejecting all evil, taken possession of mankind Fighting what can't be fought
Minds penetrated, souls will be taken
Days turn into night
Bodies are falling, hear death calling Throughout the centuries
Attempts for protection, prayers, religion
Signs make you aware
Of it's mass domination, a divine dispensation Fighting what can't be fought
Minds penetrated, souls will be taken
Days turn into night
Bodies are falling, hear death calling Land
Land of tears Tears Indulge in the temptation
Your mind will show you the way
Ghosts of the damned will guard you
In this journey into decay Fighting what can't be fought
Minds penetrated, souls will be taken
Days turn into night
Bodies are falling, hear death calling Land of tears
Land of tears
