

# Land of Tears

## Pestilence

Dark sides of life

Unspoken by those in search of the light

Darkness they will find

Rejecting all evil, taken possession of mankind Fighting what can't be fought

Minds penetrated, souls will be taken

Days turn into night

Bodies are falling, hear death calling Throughout the centuries

Attempts for protection, prayers, religion

Signs make you aware

Of it's mass domination, a divine dispensation Fighting what can't be fought

Minds penetrated, souls will be taken

Days turn into night

Bodies are falling, hear death calling Land

Land of tears Tears Indulge in the temptation

Your mind will show you the way

Ghosts of the damned will guard you

In this journey into decay Fighting what can't be fought

Minds penetrated, souls will be taken

Days turn into night

Bodies are falling, hear death calling Land of tears

Land of tears
