

Be the One

The Ting Tings

You say, its not what you do
Its what youre thinking of
Well, I think it's just an excuse
Its what you put acrossCos I dont wanna be the one
Only overjoyed
Yeah, I dont wanna be the one
Making all the noise
Yeah, I dont wanna be the oneSo make sure youre thinking it through
Youve let me down again
Offer me something
I know you really meantCos I dont wanna be the one
Only overjoyed
Yeah, I dont wanna be the one
Making all the noise
Yeah, I dont wanna be the one, heyWhat you gonna offer now?I dont wanna be the one
Only overjoyed
Yeah, I dont wanna be the one
Making all the noise
Yeah, I dont wanna be the one, heyWhat you gonna offer now?
What you gonna offer now?This was not my idea
Dont you keep
What you gonna offer now?
This was not my idea
Dont you keep me waitingThis was not my idea
Dont you keep
What you gonna offer now?
