

# That's Love

## Blue System

Go, if you want go  
Stay, if you don't know  
Friends, stay together baby  
Call me I'll be there Feel, what you wanna feel  
Mine, oh love's so real  
Friends, we're forever baby  
Here and everywhere Don't, keep your distance  
Don't, lose your resistance  
Don't, you want my heart? That's love, we'll win again  
This love is like an ocean  
That's love, it's not a game  
How deep is your emotion? That's love, a burning flame  
This love is like a fire  
That's love, it's not the same  
You can't stop my desire Call, if you want me  
Fall, if you can't see  
Try, if you want to try  
All of my sweet heart Words, don't come easy  
Words, they can hurt me  
Friends, stay together baby  
Never break apart Don't, play fire  
Don't, stop desire  
Don't, you want my heart? That's love, we'll win again  
This love is like an ocean  
That's love, it's not a game  
How deep is your emotion? That's love, a burning flame  
This love is like a fire  
That's love, it's not the same  
You can't stop my desire That's love, we'll win again  
This love is like an ocean  
That's love, it's not a game  
How deep is your emotion? That's love, a burning flame  
This love is like a fire  
That's love, it's not the same  
You can't stop my desire
