

# Disfigured Catacombs

## Disgorge

Scorn as withered  
Desolate catacombs  
Deprived of sanctuary  
Cleansing of the afflicted Constricted the disemboweled  
Leathered dermis extracted  
Intentional disfiguration Residues conforming to beget  
Subservient humans hung  
Pulsating fluids circulate  
Bloated slabs obscure  
Skeletal regions of genocide Impenetrable darkness  
Carving into reality  
Reclamation of souls  
Conceiving a mortality Periodic dismemberments  
Carving infants  
Periodic dismemberments  
Arranged bone structures  
Tower over fragmented soil  
Cadavers begotten  
Infant shun-and mangled Executed drawn apart  
Collectively entangled body cavities  
Nomadic ritual ceremonial fragments  
Grotesquely decomposed Impenetrable darkness  
Carving into reality  
Reclamation of souls  
Conceiving a mortality Scorn and withered  
Desolate catacombs  
Deprived of sanctuary  
Cleansing of the afflicted Disfigured catacombs
