

# Gauzy Dress in the Sun

**Richard Buckner**

A gauzy dress in the sun  
and a blue moon bloomed  
and we drove out over the line  
with so long to go  
and someone I left behind and I thought of you  
the lake I drink  
and I turned lazy, hard, and meek  
but you're well went deeper, dear  
when you brought your water here And you made a liar out of me  
but Lord, the things that I've seen  
stone mountains, stars showering, dear, you lying  
next to me  
And autumn rolls  
from green to blue  
and when I roll over, too  
I won't leave a thing undone  
a gauzy dress  
in the sun Yeah, you made a liar out of me  
but Lord, the things that I've seen  
a stone mountain, stars showering, dear, you lying  
next to me A gauzy dress in the sun  
and a blue moon bloomed  
and we drove out over the line  
with so long to go  
and someone I left behind  
And autumn rolls  
from green to blue  
and when I roll over, too  
I won't leave a thing undone  
a gauzy dress  
in the sun Yeah you were the one, you were the one  
a gauzy dress  
in the sun
