

# Dawn of the Hive

## Killing Joke

Pylons of death pulsing wave after wave through us  
Human transmitters restructure reality  
Smart dust and barium sprayed at high altitude  
Ingesting nano-worms, humans can resonate  
On the skyline the pylons of death  
Modulating our reality  
Dawn Of The Hive  
Angels, holograms, visions and voices come  
Signals inducing inter-cerebral hearing  
Modulating realities background frequency  
Connect the hive mind by pylons and tower masts  
Micro-wave tower satellite masts  
On the skyline the pylons of death  
Pulse low frequencies to all terrestrial life  
Modulating our reality  
Dawn Of The Hive  
The all-seeing eye that never sleeps  
Connects the hive mind by pylons and tower masts  
The blasted tower, a place of dread  
Pulsing the waves of the new normalisation  
Micro-wave tower satellite masts  
On the skyline the pylons of death  
Pulse low frequencies to all terrestrial life  
Modulating our reality  
Dawn Of The Hive
