Secret Rendezvous

Karyn White

Happiness is where I, I think of you
And we will get together and rendezvous
I'll be on time, you bring the wine
And we will lock the door, oh, you'll be all mine
Alone in my room, thoughts of you in my head
As I wait, the time is soon, you'll arrive
Together then we'll escape into the night on wings of love
And do the things that we once dreamed of
All aboard in a surrey, a first class ticket to ecstasy
It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
From a penthouse view we'll make love, drink champagne by candle light
I'm so glad I'm in your arms, baby, I am yours tonight
To be with you is all I need, so lock the door and throw away the key
No one will disturb this groove, we could not stop it if we wanted to
It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
Secret rendezvous
Happiness is where I, I think of you
And we will get together and rendezvous
I'll be on time, you bring the wine
And we will lock the door, oh, you'll be all mine
I want you, you want me
I wanna lock the door, throw away the key in ecstasy

It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
A secret rendezvous
I wanna ride you through by candle light
I wanna hurl you and squeeze you through the night
So lock the door, throw away the key in ecstasy

I can't let no one disturb this groove
I couldn't stop it if I wanted to
It's you for me and me for you in a secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
I wanna ride you through by candle light
I wanna hurl you and squeeze you through the night
So lock the door, throw away the key in ecstasy
I can't let no one disturb this groove
I couldn't stop it if I wanted to
It's you for me and me for you in a secret rendezvous
It won't stop, it don't stop
A nonstop secret rendezvous
It won't stop, it don't stop
