Let It Go

Morcheeba

I have enough of all this tension
Don't you know I'm worried sick?
Now I'm in the right dimension
No escape who does the trick
I hear my heart is on rotation
'Cause all the people take their cut
And I can better stand a minute
So I just keep my wide eyes shut
Let it go before it kills you
Let it fall and fade away
Let's have fun and do what thrills you
Please don't waste another day
Why do I cause myself this trouble?
You know around me things are good
If you could look into the future
Maybe I'll be understood
Let it go before it kills you
Let it fall and fade away

(Let it go, let it fall, let it fade away)
Let's have fun and do what thrills you
Please don't waste another day
You know I love you more than money
You know I need you more than fame
And I'll be there for the children
And I will never pass the blame
Let it go before it kills you
Let it fall and fade away
(Let it go, let it fall, let it fade away)
Let's have fun and do what thrills you
Please don't waste another day
{Anyway, it's hot here, it's hot
That's all I've got to say, floor is hot
The sugarcanes, it's hot, there is bugs and muggers
And fourteen year old kids on bikes with guns
Come on over sometime}
