Don't pretend you don't need me, daily, monthly and weekly

Sean Paul no phony, hear me tell the girl them say
My girl, from head to toe you finesse, Jah Jah bless you with would a
Mash up man head to toe, most naturally
Anytime me want it, girl, just gimme the pre
I'll set you free, I give you my love and you know it's guaranteed
I got what you need, believe in you and me
Girl, you physique a speak
And if a talk you a talk it make man heart beat
When you out a street
The walk wey you walk make this world look counterfeit
'Cause you no incomplete
Everything weh you got on sexy, everything look neat
We can feel the heat
I guy must be blind if him haffi look hard fi see it
'Cause from you set on, me ready fi go put on the sweat on
Gal, 'cause you body it a beckon
Every minute every second me turn on the threat on
Gal, you goin' get wet on
Just ease you mind up one time
Flex tonight because it's not a crime
Relax you vibe because hype we no join
Gal, bubble when you feel the bass line, 'cause
From head to toe, you finesse, Jah Jah bless you with
Would a mash up man head to toe, most naturally
Anytime me want it, girl, just gimme the pre

I got what you need, believe in you and me
Girl, come roll with we
If you man a pose up like him just don't know how fi do it
Him lack energy
Him nah work you right, never work it fi you properly
And give you memories
Inna di bathroom, sofa, hammock up between the trees
Up in the evening breeze
'Cmon baby girl, this is not a good time fi tease
So off let it, you will not forget it

Sean a Paul a youth wey naw go pamper nor pet it
Pump it hard but no me naw offset it
Nuff how fi turn it don't fret it
