

It's Good To Be In Love

Frou Frou

I don't know where to start
Say I'm tired or throw a party
These cucumber eyes are lying
The more that I smile about it
And all my clothes feel like someone's old throwaways
I don't like it
It's good to be in love
It really does suit you
Just like everything
I'm happy you're in love
Because every colour goes where you do
I'm adoring you
It's all good
You're so beautiful
I'm black & blue all over
You're breaking my flow
How could you know what I'm saying about it
When all my clothes feel like someone's old throwaways
I don't like it
It's good to be in love...I feel so powerless
I've got to stop it somehow
Oh come on, what can I do
Why's it happening
How's it happening without me
How's it happening that he feels it without me
It's good to be in love...
