

Serial Sleepers

House of Heroes

Wake the dead
Serial sleepers slay with words unsaidSleep with the light on
And keep the loneliness away
I feel the darkness anyway
And I wish for the dawnWake the dead
Serial sleepers slay with words unsaidRise up, O sons of god
And sing the song
That hides behind your teeth
These ears have longed to hearOn my own
Waiting for the light
Save our souls from all
Our dreams come trueWake the dead
Serial sleepers slay with words unsaid
