

I'm Raving (Fortunato & Montresor House Remix)

Scooter

This one 's going out to everybody in the place
Sounds of the track - attacker
Go ahead!
Yes!
Here comes the chicks ' terminator
In control
`pon the mic I 'm the teacher
Spread my words like a preacher
Cut the crap, get a slap
Drum and bass still on the map
'pon the mic you can 't stop me
Flat on your back like 1,2,3
Yeah, here we come! [Chorus:]
Love in a woman 's heart
I want to have the whole and not a part.
Strange that this feeling grows more and more
'cause I never loved someone like you before.
Alright crew, it 's weekend!
Yes, we are not the monkeys
But we 've got the key
I 'am the fast chatter
No one better than me
Yeah
`pon the mic I 'm the teacher
Spread my words like a preacher
Cut the crap, get a slap
Drum and bass still on the map
`pon the mic I 'm the voodoo
The destination is zulu
Here we come! Here we go! [Chorus:]
Love in a woman 's heart
I want to have the whole and not a part.
Strange that this feeling grows more and more
'cause I never loved someone like you before.
What is essential is invisible to the eye
It 's only with the heart that you can see rightly
Yeah [Chorus:]
Love in a woman 's heart
I want to have the whole and not a part.

Strange that this feeling grows more and more
'cause I never loved someone like you before.
Respect to the man in the icecream van
Over and out
