

# Closer To The Sun

## Slightly Stoopid

If I think she beautiful, well that's for sure  
Give a little loving, but I still gon' need some more, rob it  
Stealing from the rich and then give it to the poor  
Telling everybody it don't matter anymore, she said  
All I really needed was a friend like you  
Help me through and together we can change, but  
If I was to stay it wasn't for too long  
People sing the same song everywhere I'm going  
Closer to the sun and far from the moon  
People screaming out they gonna see me real soon, they say oo  
If I think she beautiful, well that's for sure  
Give a little loving, but I still gon need some more, rob it  
Stealing from the rich and then give it to the poor  
Telling everybody it don't matter anymore, said  
All I really needed was a friend like you  
Help me through and together we can change, but  
If I was to stay it wasn't for too long  
People sing the same song everywhere I'm going  
Closer to the sun and far from the moon  
People screaming out they gonna see me real soon, they say ooo
