

Walking (feat. Scott Owen & Andy Strachan)

Ash Grunwald

Verse 1 I'm walking, through the night

I don't need nobody

Now, everything is gonna be right

I'm walking, through the night

I need love

You don't give me that sugar, I don't feel right

Chorus Take it all, take it all back
Take it all, take it all back

Take it all, take it all back

Verse 2 What's your point, worrying about tomorrow

What's the point, you always go mad

What's your point, worrying about tomorrow

What's the point, What's the point yeah

Chorus Take it all, take it all back
Take it all, take it all back

Take it all, take it all back

Verse 3 I'm walking, through the night

I need love

You're gonna give a dam sugar, but I don't feel right

Outro Take it all, take it all back (Bang, bang)

Take it all, take it all back (Bang, bang)

Take it all, take it all back
