Irreversible

Traitors

Turn
Turn away
The first time
I can't say
But heaven knows
I'll fade
Before
I grew
Into these
Old shoes
I kissed away
All my years

Irreversible moments of my life
Irreversible stuck in overdrive
Don't
Leave me yet
(I'm almost there)

One
One-way ride
To the stars
Of your eyes
To slip away
Inside
Across
Time I fall
Saw the light
Of the world
Touch your skin
I caved in

Irreversible moments of my life
Irreversible stuck in overdrive
Don't
Leave me yet
Don't
Leave me yet

And before I could come

Yes something you should know
How I feel alone
Where you go
I'm terrified

Heaven might say
Who's on my side

Irreversible moments of my life
Irreversible stuck in overdrive
Irreversible as it turns my life

It's you and I
It's you and I
It's you and I
