

California Country

Moonshine Bandits

pack your banjo swallow some
shine
pontoon boat n some beer she likes
blow a little smoke n these r mine
thats califronia country
play in the lake n the water feels fine
girls on the deck wit no tan lines
bonefire lit on a summer a night
thats califronia country
pull up to the lake drop
a tailgate down
pull up a lawn chair
crank them sounds
throw out the light wen the sun goes down
knobs on the swampers
hum wen they roll
lift kit dairy boy califronia four by
super duty full of cuties west ride
ziplock full of cookies valleys so high
from the valley to beach
from the mountains to the creeks from the desert to the streets
thats where ull find me
pack your banjo swallow some
shine
pontoon boat n some beer she likes
blow a little smoke n these r mine
thats califronia country
play in the lake n the water feels fine
girls on the deck wit no tan lines
bonefire lit on a summer a night
thats califronia country
dump gas on callie watch her blow
give the farm boys fire proud theyre from the west coast
rib_eye steaks wit homade beans
bourbon in my coffee wit a filly fulla dreams
the cops cant ketch me im living to fast
im running off shine i dont need gas
all my clampers drinking every top bar dry
this our song so we put it up high
