Be My #2

R. Kelly

I could never be your boyfriend
'Cause you know I gotta special girl
And I could never be your husband
But that don't mean you still don't rock my worldAnd I can take you to an island
We can be there, just the two of us
Girl, I love to see you smilin'
All I ask is that you keep it hush, girlBe my number 2, girl, I love you
Be my number 2, girl, I need you
Be my number 2, girl, you're so fine, so fine
Be my number 2 but you will never be my number 1
My number 1, my number 1, my number 1I could take you out to dinner
But there's a couple of places we won't go
'Cause number 1 is no beginner
And there's a couple things that she don't knowSo I can take you to a hotel
We can be there just the two of us
Girl, I love you 'cause you don't tell
And you know just how to keep it hush, girlBe my number 2, girl, I love you
Be my number 2, girl, I need you
Be my number 2, girl, you're so fine, so fine
Be my number 2 but you will never be my number 1
My number 1, my number 1, my number 1The way you give it to me, I gotta have it, have it
Ha-ha-have it, have it, ha-ha-have it, have it
'Cause she's my beauty queen, girl, you're my habbit, habbit
Ha-ha- habbit, habbit, ha-ha- habbit, habbitSo baby, be my number 2, girl, I love you
Be my number 2, girl, I need you
Be my number 2, girl, you're so fine, so fine
Be my number 2 but you will never be my number 1Be my number 2, it may sound crazy
Be my number 2, my second, baby
Be my number 2, put your hands up if you
Be my number 2, would you like to me my number 2?Listen to me
Though I love your sex
I can't, I can't, I can't leave her, no, no
Though that *** is incredible
But I can't, I can't, I can't leave her, no, noSee, we could have fun behind those doors
And we could do things, girl, behind those doors
We can do anything you want behind those doors
And do it all night long behind those doorsIf you be my number 2
If you be my number 2
Be my number 2

Be my number 2Be my number 2
Be my number 2
Be my number 2
Be my number 2And to all you hatin' ***
All you hatin' ***
All you hatin' ***
Slap, slap, slap, slap
