I hang with niggas that just got out and ready to go back  
Bizarre making wack crews fold  
Me and Bill Clinton wanna bust in hoes that only 14 years old (shes young)  
Doin drive by's in fuckin pink caddies  
Tie you up and beat you worse the L L Cool J's daddy  
This is a crime that even Mc Gruff couldnt solve  
Chew dog and its not you niggas is what leavin in \_\_\_  
You don fucked around and gotta get a fix  
Ya'll niggas in trouble 'cause I done fucked around and hit a six  
Who the fuck is ya'll wack niggas ignoring

Diss Bizarre you die  
We can do this like men  
Or talk it out real right  
Or do it my way and drive by later on tonite  
Break in your house hang your sister by her shirt  
Bury her in the dirt, wait for you moms to get home from work  
Id a killed so many M.C's I cant count the number  
Niggas writin me letters say "I know what you did last summer"  
One rapper tested me and though I was a punk  
And i aint seen his body since I threw it out of my trunk  
  
Fuck around and throw your ass in the lake  
And never be found like my high school prom date  
Bizarre stick ill, shoot vein in my fathers vein  
And watch a nigga die like Sugar Hill  
I'm sicker the a transvestite gettin fucked by a paraplegic

I say dumb shit when im weeded  
Your girl sucked me, bitch you better duck me  
Or fuck around end up room mates with Mike Hutley  
[3x]Rap guys - listen to me  
Listen to me, rap guys  
Diss Bizarre you die  
I be watchin shows from here to Chi town  
Tell your boys this his last day im shuttin this block down  
Im the type a guy come to your stage show and BOO you  
Tell you you can use my sample  
And two weeks later i'll screw you  
Diss me on your stage show  
Diss my while you high  
But aint no garaantee youll make it out this bitch fuckin alive  
I got weed and drinks and some fuckin slut  
Fuck her in the butt, burn her back with hot cigarette butts  
Quick to throw the fuckin nine up  
My crew gets more dirty looks then Queen Latifa in a police line up  
Dont wind up like your boy name Romer  
Have your parents wondering when your ass is comin out this coma  
Smell the aroma when my crew hits the stage  
Somebody stop this machine in a rage  
Fuck your girl disrespect her then i teck her  
Bizarre 98 bitch federation records  
[2x]Rap guys - listen to me  
Listen to me rap guys  
Diss Bizarre you die
