Torpedo

Roshambeaux

Bindle punk Barney mugging.
She's airtight. I need that loving.
Absent treatment: Take it or leave it.
They say she's crazy & I believe it.
Blue surge, Baby vamp,
Cash or check that heart attack.
Shock cure, lay it down.
I'm burning blue flame.
Don't have an end game.
I know it's off time jive,
But we can take it all the way.

I'm a torpedo. Watch me go. (Watch me go.)
You're a lady and I'm a tramp.
I'll be your 49er, you be my baby vamp.
