Left Turn

Cody Hicks

Sitting here 4 rolls back from the pole, because i put it in the wall... second lap of my heat got a little loose coming out of 3.got it all beat up and straightened out.boys tell me that im ready to run now.. thats a damn good thing because the green flags waving and im on the gas.
(Chorus)
I put my sweat and blood into these nuts and bolts, yeah i turn a wrinch thats the only way i can afford to beat it up again, tear it up again. Thats the only way im ever gonna learn... ONE MORE LEFT TURN...

4 laps in, from the back to the front.. makin my move one at a time. Im pickin em off pickin em off.
2 back from the lead. Workin on 2nd place coming out of 3.
Put it straight to the wood because where im at aint good enough for me..

(Chorus)

That white flags wavin.... my heart is racin...
He thinks hes made it..
This aint Talladega..
Dont see me comin..
High out of 4, is the move im makin, hes about to learn that rubbin is racin..

Chorus

Yeah talk about... one more lap.
One more year..
One more left turn..
