

Seven Birds

[Tom Adams](#)

And I was dreaming seven birds above the earth
A thousand miles before I am home with you, my love
Iâ€™ll see you soon

And I was dreaming as one we live across the sea
A thousand miles before I am home as when to comes
Iâ€™m moving south

And I was dreaming seven birds above the earth
A thousand miles before I am home with you, my love
Iâ€™ll see you soon

And I was dreaming seven birds seven birds
And I was dreaming seven birds seven birds
