

# Makes Me Hot (Altar Club Mix)

## Kynt

Intro Chant:

Yeah!

Oh, oh, hey, hee

Heavy breathing gotta pick up the pace, that  
Heavy breathing gotta pick up the pace  
Heavy breathing gotta pick up the pace, that  
Heavy breathing gotta pick up the pace  
Thatâ€™s what makes me hot

Chorus:

You know it doesnâ€™t take a lot  
Gotta warm it up and make it hot  
Iâ€™m gonna give you all that Iâ€™ve got  
Thatâ€™s what makes me hot  
Any time you want to play  
Any where or any way  
Iâ€™m gonna give you all that Iâ€™ve got

Verse 1:

Come on you know you wanna play  
Stop teasing me cut to the chase  
I want you now I donâ€™t want to wait  
You feeling me Iâ€™ve feeling you  
Youâ€™re such a freak cause Iâ€™m one to  
Let me tell you the things I like to do  
Watching you go down on me  
Sweat dripping from cheek to cheek  
Run my fingers down the small of your back  
Thatâ€™s what makes me hot  
Feel my head against the back of your throat  
You try to take it till you almost choke  
Iâ€™m digging deeper Iâ€™m about to explode  
Thatâ€™s what makes me hot

Chorus:

You know it doesnâ€™t take a lot  
Gotta warm it up and make it hot  
Iâ€™m gonna give you all that Iâ€™ve got

That's what makes me hot  
Any time you want to play  
Any where or any way  
I'm gonna give you all that I've got

Verse 2:

Let's take a drive back to my place  
Get undressed have some wine and watch a tape  
You massage me I'll massage you  
Let's make it over to the bed  
Unless you like the floor instead  
Anything you want that's what I'll do  
Caressing your beautiful face  
Rubbing your nipples till I feel your heart race  
Heavy breathing gotta pick up the pace  
That's what makes me hot  
You've gotta ride it like you've never done before  
Don't fight it just let yourself go  
Give me total control  
That's what makes me hot

Bridge:

I know you wanna rock with me tonight  
I know you wanna roll with me tonight  
I know you wanna feel ecstasy tonight  
I know you wanna share your fantasy tonight

Yeah!, Yeah!, Yeah! , Yeah!
