

I Wanna Love You

Anthony Gargiula

Life's too short,
Take my arm, i'll be your escort,
 Lets get away,
Take my hand, and your passport,
 I like the sand,
but I like any place I can be yours and,
 I got a plan,
Now I just need you to understand,

You're picture perfect, Kodak,
 And there's no turning back,
When i'm with you, nothing else matters,
 Singing oh oh oh oh, like oh oh oh oh,
 Your eyes take me, to paradise,
and saying oh woah oh oh, like oh woah oh oh,
(Hey, Hey, Hey) I wanna love you (x4)

I know he messed you up,
But baby imma need you to press your love,
He wants you back, but tell him that you just woke up,
 Saw you wouldn't last,
 Don't wanna rip the other past,
We would look amazing, lets run away fast,

You're picture perfect, Kodak,
 And there's no turning back,
When i'm with you, nothing else matters,
 Singing oh oh oh oh, like oh oh oh oh,
 Your eyes take me, to paradise,
and saying oh woah oh oh, like oh woah oh oh,
(Hey hey hey) I wanna love you (x4)

You're picture perfect, picture perfect Kodak.
And there's no turning, there's no turning back,
 I wanna love,

When i'm with you, nothing else matters,
Singing oh woah oh oh, like oh woah oh oh,
 Your eyes take me, to paradise,
and saying oh woah oh oh, like oh woah oh oh,

I wanna love you (x4)

Ooooh

(I want to love you babyyy no, yeah, I wanna, I wanna, I wanna love)
