

# Cadillac Rock Box

## Anthrax

Yo G money, this ciao here  
Ringin' you from the fuckin' Cadillac Rock Box here  
I suspect some mighty fine groovin' on this record here  
And eh, shit, I have to call you tomorrow  
Alright brother, rock on  
Oh, it feels so good to be here  
Ass bet broke and I don't care  
Yeah, so good to be clear, I can testify  
Listen, I can't fake an attraction to it  
Magnetic, it pulls so hard  
When two powerful forces collide and break down  
Inside and break out at the speed of sound  
Locked and loaded I can't hold it  
Pick 'em up, set 'em up, watch it all go down  
Oh yeah, driving in my Cadillac Rock Box, Rock box  
I am so alive, I learned how to let it go  
And on the day that I'll die I'll have no fear

Listen, I can't fake an attraction to it  
Magnetic, it pulls so hard  
When two powerful forces collide and break down  
Inside, and break out at the speed of sound  
Locked and loaded I can't hold it  
Pick 'em up, set 'em up, watch it all go down  
Oh yeah, driving in my Cadillac Rock Box, Rock box  
Stick 'em up, get 'em up, drop it and throw down  
Oh yeah, hangin' in my Cadillac Rock Box, oh yeah  
Pick 'em up, set 'em up, watch it all go down  
Oh yeah, driving in my Cadillac Rock Box, Rock box  
Fill 'em up, shoot 'em up, sit before you fall down  
Oh yeah, bury me in my Cadillac Rock Box  
Rock, rock, box
