In Your Words

Rebecca Black

What you dont know
What you cant see
What you dont realise you once had until you see that its not free
And as for us
Its not clear
The clouds aint always bad if when they fade its love
That they revealAnd Im moving on
Cause you set me free
And Im trying to be as much of myself as if you were here with me
And Im feeling lost
But its not unheard
And while you go on living your life
Im still stuck here
Living in your wordsWell there was good
And there was bad
But I took for granted the way you made me laugh
And the way you spoke
Only I could hear
And the way I saw myself in you as if I were
Staring in a mirror
Oh ohAnd Im moving on
Cause you set me free
And Im trying to be as much of myself as if you were here with me
And Im feeling lost
But its not unheard
And while you go on living your life
Im still stuck here
Living in your wordsAnd Im moving on
Cause you set me free
And Im trying to be as much of myself as if you were here with me
And Im feeling lost
But its not unheard
And while you go on living your life
Im still stuck here
Living in your words
Living in your words
Living in your wordsAnd Im feeling lost
Cause its not unheard
And while you go on living your life

Im still stuck here
Living in your words
Living in your words
Living in your words
Living in your words
Living in your words
