

# Misery

## Jens Marni

When the light  
shines on your face in the night  
I just wanna hold you,  
hold you, hold you so tight  
and in the night  
i feel you skin next to mine  
You know i love you,  
love you until the end of time

### CHORUS:

The way i figure heaven is  
it can't be better than this  
So come on baby love me,  
love me all of the time  
you got to show me your love is mine  
and if you ever walk out on me yeah  
yeahyeah pure misery

and when the feeling hits your heart at day  
and i want to hold you,  
hold you, hold you everyday  
and in my mind there is no question why  
you know i love you cross my heart and i hope to die

### CHORUS:

The way i figure heaven is  
it can't be better than this  
So come on baby love me,  
love me all of the time  
you got to show me your love is mine  
and if you ever walk out on me yeah  
yeahyeah pure misery

Our love is stronger feel it deep down under  
and you have to see  
that it was meant to be

Love me, love me  
all of the time  
love me, love me

so come on baby love me,  
love me all of the time  
you got to show me your love is mine  
and if you ever walk out on me yeah  
ooh come on baby  
love me, love me all of the time  
you got to show me your love is mine  
and if you ever walk out on me yeah  
yeah yeah pure misery
