

When I Found You

Jasmine Rae

Mmmmmmmmm-mmmmmmm
Hey Yeahh
I know how it feels to be alone
I know
Ohhhh I know
What is like to be afraid
Scared to face another day
When ya needed an angel
To flight to my side
Somebody to save me
Yeaahh
From the dark and lonely night
When ya needed to
Feel love, feel love
Here in my life
I found you
I found you
Inside I was looking for
A face to hide
Ohhh then I saw you yeahhh
Shining right up in my sun
And I knew you were the one
When ya needed an angel
To flight to my side
Somebody to save me
From the dark and lonely night
When ya needed to
Feel love, feel love
Here in my life
I found you yeaahh
Hmmm I found you
Your the wind that caries me
My every breath
Every deep
I can see for ever in your eyes
When ya needed an angel
To flight to my side
Somebody to save me
From the dark and lonely night

When ya needed to
Feel love, feel love
Here in my life
I found
I found
I found
Yeah, yeah right to my side
Somebody to save me
From the dark and lonely night
Someday mmmmm
Dark and lonely night
Right to my side
Somebody to save me c'mon yeah
In the dark and lonely night
