Stop screwing around! Let the girl go!
Throw it away! Chicken shit gun! I only have one arm! It's me that you want!
I only have one arm! You can beat me! You don't just want to! Pull a trigger!
See what's going on! Going on in there! Look me in the eye! Put the knife in me!
Look me in the eye! When you turn it! Bennet! Bennet! I'll be back!
Bennet! Bennet! I'll be back!
I remember you! People you tortured!
Tortured and killed! Let off some steam! I eat green berets! Eat them for breakfast!
I eat green berets! Now I'm hungry! (chorus) Ssshhhh...
Remember when I told you I'd kill you last?
I lied. Let's party!
Stop screwing around! Let the girl go!
Throw it away! Chicken shit gun! I only have one arm! It's me that you want!
I only have one arm! You can beat me! (chorus)
