## **Sunflowers**

## **Corey Hart**

I know where you go When you want to fall Why do you want to be broken? I know where you go When you want to fall Yes, your friends They tell me everything Yes, I know where you go Yes, I know what you do Yes, I know the awful things you say And who you say them to Yes, I know where you go Yes, I know what you do I know how you feel You get crazy inside They say it runs in the family I know just how you feel When you get crazy inside Your mom she said That you are just like me I can see it in your eyes I can see your shaky hands Yes, I think you think I'm stupid You don't think I understand Yes, I see you and I see myself When I was a younger man When you were a child You were happy and free You were my reason to live I would die when you smiled at me I can still see you I remember you painting Sunflowers in your room I know where you go When you want to fall Hey don't you want to be happy? Yeah

> I know where you go When you want to fall

Your useless friends They tell me everything, everything I see you run around in circles I see you digging your own hole I see you fight the fights You just can't win I see you losing self-control What it does to me Deep down inside I hope you will never know When you were a child You were happy and free You were my reason to live I would die when you smiled at me I can still see you Painting flowers on the wall I remember you happy I remember it all When you were a child You were happy and free You were my reason to live I would die when you smiled at me I can still see you I remember you painting Sunflowers in your room Sunflowers in your room Sunflowers in your room All I want to remember Pretty pictures on the wall I remember you happy I remember it all All I want to remember Sunflowers in your room Sunflowers in your room Sunflowers in your room Sunflowers in your room
