Undertow

Nightbirds

The pain is gone
The rain and storm they stumble down
The sun disguised again today
The wagon rolls, it's axis bound
Another bottle cracked today
The game moves on
The people push and move so hard
Where now don't those flavors go
Answer now

Your questions move like undertow
Off to find your island now
We got pulled out by the undertow
That's the way the wind blows
Everybody's laughing
We got pulled out by the undertow
That's the way the wind blows
Too long today
We got pulled out by the undertow
That's the way the wind blows
