

Into the Sun

Fever Fever

The more time that passes by
The more and more it feels like
It was all just a dream
I try to save my memories
But every time I fall asleep
I wish that things could be the way I see You and I
We took a shortcut into the sun
Closed our eyes
We took a ride forgot everyone As I stand on this mountain
Looking into the promised land
I wish you were with me
Try to save my memories
But every time I fall asleep
I wish that things could be the way I see You and I
We took a shortcut into the sun
Closed our eyes
We took a ride forgot everyone
