

The Organic Anti-Beat Box Band

Red Hot Chili Peppers

Oh yeah!
Can you dig it, can you dig it
Welcome friends to my thoughts of when
The 'Fax City Four' were four young men
Time has come, now we jam
With the uplift mofo party plan
We're the organic anti-beat box band
One comes from the holy land
Another was born an Australian
Me I'm from Michigan
But Hollywood is the land of lands
It's a Hollywood jam
We represent the Hollywood kids
Hollywood is where we live
We represent the Hollywood kids
Organic anti-beat box band
Life is grand in the land of lands
The mind does boggle the mind expands
The anarchy for have manned their craft
Get on your knees and shake your ass
To the jam that is
We don't ask we demand
That you and your clan
Listen now to this jam
To the power of the drummers bad
It's a Hollywood jam
We represent the Hollywood kids
Hollywood is where we live
We represent the Hollywood kids
Organic anti-beat box band
There's a party in my town at 12:00
There's a party that's rockin' down to the rock
I've got nothin' against hip hop
But there's a party in my town
And no beat box jam that is
The party's got girls the girls got hot
The party's got boys and the boys got socks
Something popped the doors unlocked
House got up ran around the block
Sit down house
Take off your blouse
We represent the Hollywood kids
Hollywood is where we live
Any good friend of the lollipop kids
Over the rainbow with the wiz
We represent the Hollywood kids
Organic anti-beat box band

With the organic anti-beat box band
You just might slam dance that is
It's a Hollywood jam!
