

Framed Out

Cherish

Intro:Swag (x4)

I jumped out the bed, flat-ironed my hair
But in my true religion, I'm so far from pigeon
And I hit the closet, throw on my Juicy Coaches
Grabbed my shirt, and my bra, and head straight to the shake draw

Bottega Veneta, Valentino, Gucci, Carde Air
Marc Jacobs, Prada, depending on how I feel today
Please believe, I'm always chunked out
Stay up on my shade game, yes sir, flossed out

[CHORUS]

Strut out the house (framed out)
Hop in the truck (framed out)
I hit the club (framed out)
That's what's up (framed out)
See me all day (framed out)
See me all night (framed out)
I gotta be (framed out)
You know I stay (framed out)
Fr-fr-framed out
I stay (framed out)
Know I be (framed out)
Know I keep it (framed out)
Know I stay (framed out)
Yes I be (framed out)
Everyday (framed out)
Yes sir (framed out)

XK Jag, my Louis Vuitton bag
Before I leave the store, your girl be popping tags
And I gotta keep this pretty face-ce-ce up in some Dolce shades
In my cold shades look like a churned vanilla milkshake

The rock look (I got 'em)
The cop look (I got 'em)
Both them shades up in my hair
Then I grab me another pair
Yours look fly, but they ain't like these

'Cause I don't keep nothing but designers on me

[CHORUS]

Strut out the house (framed out)
Hop in the truck (framed out)
I hit the club (framed out)
