

# Turn Up (feat. Wiley & Trina)

Wolfgang Gartner

This goes out to the ladies  
Who all like to get down in the club, no hassle  
Getting busy with a drink in your hand  
No doubt, it's time to turn on (Turn up)  
This goes out to the ladies  
Who all like to get down in the club, no hassle  
Getting busy with a drink in your hand  
No doubt, it's time to turn on (Turn up)I be at the bar with the fat chicks  
Barf ting, head star with the chop sticks  
That girl's got breasts for the long time  
I'm goin' in, trust me, I got this  
She's passed me rapidly my lunch box  
I'm gonna keep this goin' till the fun stops  
It's all fun and games till you get sun burn  
Cause you're getting no sun blockThis goes out to the ladies  
Who all like to get down in the club, no hassle  
Getting busy with a drink in your hand  
No doubt, it's time to turn on  
This goes out to the ladies  
Who all like to get down in the club, no hassle  
Getting busy with a drink in your hand  
No doubt, it's time to turn on (Turn up)(Turn up)  
(This goes out...)
