Writing on the Wall

Paper Route

You want it all
You should be left alone
I forgave you once, maybe twice
I took control
But you're writing on the wall, writing on the wall
You want it all
I've been through this before
So I gave in once, maybe twice
I took control
But you're writing on the wall, writing on the wallDip your finger in ink, finger in ink
Spell it out, write it down, what do you think?
How does it feel you were there for the fall?
Dip your finger in ink, finger in ink
It's a bitter cup filling up baby let's drink
How does it feel knowing that it's your fault?
You want it all
You should be left alone
I forgave you once, maybe twice
I took control
But you're writing on the wall
Writing on the wall
You want it all
I've been through this before
So I gave in once, maybe twice
I took control
But you're writing on the wall
Writing on the wallYou want it now
Writing on the wall
[?] to fall
Draw a line in the sand, line in the sand
If the money's right overnight flash in a pan
How does it feel laying down to be sold?
Draw a line in the sand, line in the sand
It's an appetite oversight, choose where you stand
How does it feel holding on just to fold?You want it all
You should be left alone
I forgave you once, maybe twice
I took control
But you're writing on the wall

Writing on the wall
You want it all
I've been through this before
So I gave in once, maybe twice
I took control
But you're writing on the wall
Writing on the wallWriting on the wall
[?] to fall
Writing on the wall
Never was your fault
