Savior

GEMS

Go go go go
Say the word to make this way
Go go go go
Say the word, say the word
Go go go go
Say the word to make this way
Go go go go
Say the wordWith the secrets that I keep
Keep me down into the deep
I can't be a savior under water
Then you ask me to believe
When you were on your sleep
I can't be a savior under water
I know when I fall
With my back up against the walls
I can't tell the darkness from the light
I know when you go wherever you will go
I can't tell the darkness from the light
If you're drowning let me be your air
Don't hide your life
If you're drowning let me be your air
Don't hide your lifeAnd I lost myself again
when I hate the skin I'm in
I can't be a savior under water
Think of all that we could be
In the end 'was up to me
I can't be a savior under water
When I don't know what to do
I'm afraid I might have lost you you you you
I know when I fall
With my back up against the walls
I can't tell the darkness from the light
I know when you go wherever you will go
I can't say the words to make this right
If you're drowning let me be your air
Don't hide your life
If you're drowning let me be your air
Don't hide your lifeGo go go go
Say the word to make this way

Go go go go
Say the word, say the word
Go go go go
Say the word to make this way
Go go go go
Say the wordIf I could know which way to go
I'd keep my eyes
If I could see what's meant to be
I'd keep my eyes
If I could know which way to go
I'd keep my eyes
If I could see what's meant to be
I'd keep my eyes
