

Send Me a Picture

Gwen Stefani

Baby, I'm wondering whatcha doing?
Are you laying in bed and listening to music?
Whatcha doing, wWhatcha doing?
Are you looking online?
Are you looking at me?
Been thinking of you, are you looking at me?
Whatcha doing, whatcha doing?I don't wanna wait 'cause the anticipation is killing me
I don't wanna wait, no, I don't wanna waitSend me a picture right now
Send me a picture right now
Oh oh 'cause I been waiting such a long time
To get you right in front of these eyes
Yeah, I been waiting such a long time
Oh oh'cause I been waiting such a long time
To get you right in front of these eyes
Yeah, I been waiting such a long time
Won't you send me a picture?Are you all alone baby, whatcha wearing?
Send a little something I could stare at
Won't you show me?
Are you lonely?
Wanna see you right now with no filter
Take another snapshot in the mirror
Won't you show me? (come on and show me)
Are you lonely? (come on and show me)I don't wanna wait 'cause the anticipation is killing me
I don't wanna wait, no, I don't wanna waitSend me a picture right now
Send me a picture right now
Oh oh 'cause I been waiting such a long time
To get you right in front of these eyes
Yeah, I been waiting such a long time
Oh oh 'cause I been waiting such a long time
To get you right in front of these eyes
Yeah, I been waiting such a long time
Won't you send me a picture?So show me what you're doing boy
I wanna see what you're doing boy
So show me what you're doing boy oh ohSend me a picture right now
Send me a picture right now
Oh oh 'cause I been waiting such a long time
To get you right in front of these eyes
Yeah, I been waiting such a long time
Oh oh 'cause I been waiting such a long time

To get you right in front of these eyes
Yeah, I been waiting such a long time
Won't you send me a picture? So show me what you're doing boy
I wanna see what you're doing boy
So show me what you're doing boy, ohSend me a picture
