

# Unbelievably Beautiful

[Aaron Watson](#)

Whenever she walks flowers grow in her footsteps  
Whenever she talks all the birds hush their singing  
The heart of a saint and the face of an angel  
Absolutely unbelievably beautiful And when this cruel world's been gettin' me down  
She'll take my frown and she'll turn it back around  
Like a clown, she'll crack a joke  
Acting crazy as a fool  
Absolutely unbelievably beautiful (Chorus) It'd be a big old fat lie, if I said I  
Wasn't turned on just by her looks alone  
She's so much more, so much more than meets the eye  
She's an angel on loan from up above
