Strange Rain

Common Children

With wounded eyes of sorrow
Children fall down while they play
We watch the rain roll down the window
To wash our innocence awayDo you think that we could find
The song inside our eyes?
When wonder fades in time
Forgive us for this crimeForever sleepingThe night has clothed us in a new day
A while to smile in mourning air
A chance to drink a drop of strange rain
And risk a game of truth or dareI hope that we will find
The song inside our eyes
When wonder fades in time
Forgive us for this crimeForever sleepingLearn to laugh and to forgive
Throw your hands up to the sky
(Strange rain)
Strange rain is falling where we live
(To soothe and to erase)
To wash the stains out from our teary eyesI know that we can find
The song inside our eyes
When wonder fades in time
Forgive us for this crimeI wanna feel the rain
(Strange rain)
Fall on my face
(Strange rain)
Falling on my face
(Strange rain)
I'm wide awake todayForever dreaming
