

Sisters, O Sisters

John Lennon

We lost our green land
We lost our clean air
We lost our true wisdom
And we live in despair O sisters, O sisters
Let's stand up right now
It's never too late
To start from the start O wisdom, O wisdom
That's what we ask for
And yes, my dear sisters
We must learn to ask O wisdom, O wisdom
That's what we ask for
That's what we live for now O wisdom, O wisdom
That's what we ask for
That's what we live for now O sisters, O sisters
Let's wake up right on
It's never too late
To shout from our hearts O freedom, O freedom
That's what we fight for
And yes, my dear sisters
We must learn to fight Freedom, O freedom
That's what we ask for
That's what we live for now Freedom, O freedom
That's what we ask for
That's what we live for now O sisters, O sisters
Let's give up no more
It's never too late
To build a new world New world, O new world
That's what we live for
And yes, my dear sisters
We must learn to live New world, O new world
That's what we live for
That's what we must now learn to build
New world, O new world
That's what we live for
That's what we must now learn to build New world, O new world
That's what we live for
That's what we must now learn to build
New world, O new world
That's what we live for

That's what we must learn to build
