The Willys

Sparks

It started on a Tuesday
It must have been that lunch meat
I haven't been intimate
And anyway, I'm careful
We know what you got, boy
We know what you got, boy
We know what you got, boy
They call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place
Has everyone gone Christian?
Well, glory, hallelujah
But I'm beyond salvation
I haven't got a prayer
The Willy's do this to ya
The Willy's do this to ya
The Willy's do this to ya, to ya
They call it the Willys
They call it the Willys
It's hard to explain
Like Citizen Kane
To someone who's blind
They call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place, Willy now
We know what you got, boy
We know what you got, boy
We know what you got, boy
Physically, physically, I'm splendid
Mentally, mentally, I'm splendid
Morally, morally he is lax
And maybe that's the problem
We know what you got, boy
We know what you got, boy
We know what you got, boy, what you got

They call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place
They call it the Willys
They call it the Willys
They call it the Willys
The Willys do this to you
The Willys do this to you
The Willys do this to you, to you
We know what you got, boy
We know what you got
We know what you got, boy, what you got
What you got, what you got
They call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place
They call it the Willys
They call it the Willys
I'm speaking Chinese
I'm swinging from trees
I'm wearing your gowns
La, la, la, la, Willys, Willys
Willys, Willys, the Willys
The Willys, the Willys, the Willys
We know what you got, boy, we know what you got
We know what you got, boy, what you got
(The Willys do this to ya, the Willys do this to ya)
(The Willys do this to ya, to ya)
We know what you got, boy, we know what you got
(The Willys do this to ya, the Willys do this to ya)
We know what you got, boy, we know what you got
(The Willys do this to ya, the Willys do this to ya, to ya)
We know what you got, boy, what you got
(The Willys do this to ya, the Willys do this to ya, to ya)
(The Willys do this to ya, the Willys do this to ya, to ya)
(The Willys do this to ya, the Willys do this to ya, to ya)
