# God Will Open Doors (For You)

## Walter Hawkins

When you can't see your way
And you feel that you have gone astray,
Doing all you know to do.
God had not forgotten you
Hold your head up and be true,
For God will open doors for you.

Oh, you can fight on (Fight on)
through your darkest days, (through your darkest days)
And even (even though you're)
though you can't see the way
(heavy laden and can't see your way,)
God will open doors (He will open doors)
God will open doors(He will open doors)
God will open doors (Open doors for) for you
---
