

Now

Paramore

Don't try to take this from me
Don't try to take this from me, nowDon't try to take this from me
Don't try to take this from me, nowFeels like I'm waking from the dead
And everyone's been waitin' on me
Least now I'll never have to wonder
What it's like to sleep a year away
But were we indestructible
I thought that we could brave it all
I never thought that what would take me out
Was hiding down belowLost the battle, win the war
Bringing my sinking ship back to the shore
We're starting over, or head back in
There's a time and a place to die but this ain't itIf there's a future, we want it, now
If there's a future, we want it, now
If there's a future, we want it, now
If there's a future, we want it, nowDon't try to take this from me
Don't try to take this from me, nowDon't try to take this from me
Don't try to take this from me, nowWish I could find a crystal ball
For the days I feel completely worthless
You know I'd use it all for good
I would not take it for granted
Instead, I'd have some memories
For the days I don't feel anything
At least, they would remind me
Not to make the same mistakes againLost the battle, win the war
I'm bringing my sinking ship back to the shore
We're starting over or head back in
There's a time and a place to die but this ain't itIf there's a future, we want it, now
If there's a future, we want it, now
If there's a future, we want it, now
If there's a future, we want it, nowThere's a time and a place to dieThere's a time and a place to die
And this ain't itThere's a time and a place to die
And this ain't it, this ain't it
This ain't itThere's a time and a place to die
There's a time and a place to die
But this ain't it, noIf there's a future, we want it, now
If there's a future, we want it, now
If there's a future, we want it, nowIf there's a future, we want it, now
Now, now
