Gone

Aaron Pritchett

I guess I didn't see
How much she meant to me
I let opportunity pass me byBeen sitting firmly on the fence
When I came to my sense
And I let her know just how I feel inside
Well I guess I took too longCause she's gone, gone
Love has a way of moving onEvery day and every night
I'm living the words I write
And I've been singing a lot of heartbreak songsShe couldn't stand the wait
Now it's too little too late
My hindsight shows me I was wrong
Well you don't know what you gotTil it's gone, gone
Love has a way of moving on
Yeah she's gone, gone
Love has a way of moving onWell, you don't know what you've got
Yeah, you don't know what you've gotTil it's gone, gone
Love has a way of moving on
Yeah, she's gone, gone
Love has a way of moving on
Oh, my baby's gone
